We have always cared

Catch phrases like "Thank you for caring" are used by various Charities in their appeals for aid. When I consider the generous support that I have received during the years, I would lack sensitivity if I were to make use of the phrase in my appeal to you.

"Caring for others" has always been and continues to be an integral part of our lives. The continued generous response to so many different appeals during the years gives adequate testimony to this fact.

We have all heard the phrase: "It is more blessed to give than to receive". I say that the one who gives and the one who receives are both blessed. I know that your donations have been a source of blessing for the poor I have been working amongst for more than twenty years. Their prayers of thanks are daily offered to God for you.

Every time I come home, more and more people approach me expressing their desire to be supportive. For that reason I have established a Trust Fund, the Scottish International Solidarity Trust, Charity No.SCO39152. In this way people can more easily donate towards named projects the Trust can reclaim tax on the donation. This can represent for the Trust as much as 28P in every pound of tax paid by the donor.

The main projects I am currently responsible for are the following:

- a). Completing the construction of, equipping and inaugurating five nurseries.*
- b). Establishing medical attention in each one and building a central clinic to service them and for the general use of the community.*
- c). Building a centre in each sector to provide organization, skills formation courses etc in each community.*
- d). A community Micro-finance scheme.*
- e). A feasibility project for potable water (Water has to be bought from tankers and stored in barrels for use).*
